Runnel Zhang (Runcheng Zhang)

Email: Runnel.Zhang@smail.nju.edu.cn | **GitHub:** @ChouYuanjue | **ORCID:** 0009-0005-7611-3583

Education

Nanjing University | Nanjing, Jiangsu, CN

B.S. in Intelligent Science and Technology | Sep 2025 – Present

Research Experience

Research Intern | TsinghuaNLP (AI4S Research Group)

Advisor: Prof. Zheni Zeng | Mar 2026 – Present

- Work on AI for Science, with a current focus on training and reasoning methods for language models in scientific tasks.

Research Intern | NINE-Lab

Advisor: Dr. Huihong Liang | Aug 28, 2026 – Present

- Work on edge intelligence and AI infrastructure, with an emphasis on efficient inference and deployment under constrained compute.

Research Intern | Wuxi Xishan NJU Institute of Applied Biotechnology

Sep 2026 - Dec 2026

- Research internship in applied biotechnology.

External Research Collaborator | Microsoft Research Asia (MSRA)

Collaborator: Ziyu Zhou | Jan 2026 – Aug 2026

- Worked on AI for Mathematics-oriented research involving formal proof, reasoning enhancement, and neuro-symbolic methods.

Professional Experience

Agent Development Engineer | Beijing Volcano Engine Technology Co., Ltd.

Assigned to Guizhou Xijiu Investment Holding Group Co., Ltd. — Intelligent Scenario Project | Aug 30, 2026 – Present

- Develop and integrate agent workflows for enterprise intelligent scenarios, including orchestration, tool integration, and production-oriented engineering.

Part-time Employee | Nanjing Flux Technology Co., Ltd.

Part-time | Jan 2026 – Present

- Contribute to software engineering and product implementation across internal and client-facing systems.

Academic Leadership & Service

Dry Lab Student Leader | NJU-China iGEM Team

Nanjing University | Jan 2026 – Present

- Lead dry-lab work and coordinate computational analysis, modeling, and technical integration with the team's experimental objectives.

Core Member & Teaching Assistant | NJU Artificial Intelligence Association (AIA)

Nanjing University | Sep 2025 – Present

- Contribute to technical sharing and introductory teaching in artificial intelligence and machine learning.

Awards & Honors

- **National 2nd Prize**, CCF Certified Software Professional (Senior Level) | 2023
- **National 2nd Prize**, National High School Mathematics Olympiad (Preliminary) | 2024
- **Provincial 1st Prize**, National High School Mathematics League | 2024
- **Provincial 1st Prize**, National High School Biology League | 2024
